Sir,

Sub: R.A. Units - Tarabanhalli Lands required for.

In enclosing herewith copies of letters No.156/2/249/1/Q dated 27th April 1943 and No.156/2/249/5/Q dated 29th April 1943 received from the H.Q. in respect of the lands required by the Military for the location of one Field Regt. R.A. and one Medium Regt. R.A., I have the honour to forward copies of Civil Officer's report No.MBl-1318 dated 5th May 1943 and 18th May 1943 furnishing the area and the Survey Numbers of the lands and the compensation payable. It will be observed from the report that the lands lie in the limits of Tarabanahalli and Huralichikkanahalli in Hesarag Hobli, Bangalore North Taluk, their total area being 76 acres an 13 guntas. Out of this it is stated that an area measuring 3 ac and 19 guntas is covered by Casurina topes and there is also a "Kunte" in S.No.60 measuring 34 guntas in Tarabanahalli village. The total extent on which crop compensation is payable is 72 acr only.

The Civil Officer has finally recommended crop compensa at Rs.30/- or Rs.35/- per acre. In view of the high price of fo grains and the difficulty in getting fodder for cattle, I am of opinion the rate of compensation may be fixed at Rs.35/- per acre

At this rate the total compensation on 72 acres comes to Rs.2520/- per year. The Civil Officer has proposed also a ground rent at Rs.5/- per acre on the 3 acres and 19 guntas covered by Casurina Topé and this works up to Rs.17-6-0 per year. Thus the total compensation payable per year would be Rs.2537-6-0 commencing from the year 1943-44.

I request that sanction of Government may kindly be accorded for the occupation of the land by the Military on payment of the compensation recommended above.

I have the honour to be,
Sir,
Your most obedient servant,

Revenue Commissioner
& Civil Representative.

--

With reference to your D.O.No.C.L.O.441/42-43 dated 3-5-43 regarding the above, I beg to state that I inspected the lands required for the location of the Units above in company with the Military Officers. These lands lie in the limits of Tarabanahalli and Huralichikkanahalli in Hesserghatta Hobli, Bangalore North Taluk.

The lands in Tarabanahalli consist of the marginally noted S.Nos. measuring 45 acres 17 guntas

55/1, 54, 53 56/1, 56/2, 52, 51 50, 49, 48, 60, 59, 61, 72, 62, 58, 63, 57, 68, 65/1, and 64

Huralachikkanahalli. S.Nos.41,42, 43,44, 46/1, 46/2, 47/1, 47/2, 49/1, 49/2, 49/3, 49/16, 49/4, 49/5, 49/8, 49/9, 49/17, 49/6, 49/10, 49/7, 49/18, 49/15, 49/11 (a), 58/2

The lands in Hurali Chikkanahalli consist of the marginally noted

55/1,	=	1 acre.
49/7	=	1 acre 7 guntas
42	=	1 - 12 "
		3 - 19

S.No. measuring 30 acres 36 guntas excluding phut kharab. The total area required thus works up to 76 acres 13 guntas. Out of this extent an area measuring 3 acres 19 guntas is covered by casurina thopes in 3 S.Nos. as noted in the margin. In respect of these, I propose that a ground rent of Rs.5/- per acre might be paid subject, of course, to the payment of compensation for any loss or damage to the trees. There is also a 'Kunte' in S.No.60 measuring 34 guntas in Tarabanahalli village. No compensation is payable for this area. The crop compensation is paybale for an area of 72 acres only. In the case of similar lands in Jalahalli area, Rs.20/- per acre has been awarded before. Now it may be raised to Rs.25/- per acre. At this rate the crops compensation for 72 acres works up to Rs.1,800/-. The ground rent for the 3 acres 19 guntas covered with casurina thopes, at Rs.5/- per acre would work up to Rs.17-6-0. The total compensation payable would be Rs.1817-6-0. There is no objection for the occupation of these lands by the Military.

As desired by the Head Quarters in para 3 of their letter, have instructed the Amildar, Bangalore North Taluk to keep himself in close liaison with the Military Units on their arrival by the 10th.

Copy of letter No. MB1-1405/42-3 dated 5-8-1943 from the Sub Division Officer, Bangalore, to the Revenue Commissioner, Bangalore.

-

As personally directed to-day, I contacted Brigade Major Maclagan in the Sub Area Headquarters and enquired what the nature of the proposed artillery ~~practice~~ firing near Tarabanahally is and he said that no live ammunition would be used and no actual firing would be done, but that the practice consists of mere manoeuvres in which soldiers would be taught how to take up their positions and adjust weapons etc. It is said that some trenches might be put up here and there, but that these would be so arranged as not to affect plantations and crops.
